Dear Chino Airport Tenants and Stakeholders,

You are invited to attend a Special Emphasis Safety Meeting scheduled for Friday, May 16, 2025, at 9:00 AM in Building A-505, hosted by the San Bernardino County Department of Airports in collaboration with the FAA Western-Pacific Region and Los Angeles District Office.

This meeting has been formally requested by the FAA in response to a pattern of runway incursions and vehicle/pedestrian deviations (V/PDs) at Chino Airport. During the meeting, we will conduct a comprehensive review of recent V/PD incidents, examine their root causes, and explore opportunities to prevent future occurrences. The County will also present its response strategy, including new safety protocols, compliance procedures, and access control enhancements across the Aircraft Operations Area (AOA).

The FAA and the Department of Airports strongly encourage all airport runway users—tenants, operators, service providers, and authorized drivers—to attend and actively participate in this critical safety dialogue. Your cooperation is essential to maintaining a secure and compliant operating environment at CNO.

Please RSVP by May 14, 2025, as attendance is limited to 50 participants, by contacting the Chino Airport Administration Office at (909) 465-5201 or [admin@airports.sbcounty.gov](mailto:admin@airports.sbcounty.gov).

Thank you for your continued commitment to aviation safety.

Sincerely,

San Bernardino County Department of Airports
